

# Reception Class Newsletter

## Super stars

Well done Olivia and Isabella who are our stars of the week.

We think all of our 'team' are superstars – well done everybody!

There was even more fantastic collaborative learning going on this week as we found out about working animals. Please look on Seesaw if you haven't already, to find out more.

## Mystery Reader

It's been a while since we had any mystery readers. We would love it if you could record yourself reading a story which we can share with the class during story time. You can upload onto Seesaw or email to [admin@excalibur.cheshire.sch.uk](mailto:admin@excalibur.cheshire.sch.uk)

Remember not to tell your child so we can surprise them. It can be any family member even a big brother or sister. If you have already had a turn you are welcome to have another.

## Lost Property

Please look out for missing items of PE kit that belong to Lola and Ben. They have to be somewhere and they are not at school and they are **STILL** missing. Oakley also has a missing jumper. All items are named.

As you will have seen from Seesaw we enjoyed listening to Carnival of the animals during our music lesson. We had to predict which animal each piece was about. We listened to the pitch and tempo. Some were tricky to decide as the animals can move both quickly and slowly.

## World Bee Day

Yesterday was World Bee Day. We talked about why bees are so important and found out there are over 250 different species of bee. Next week, weather permitting, we are going to be planting some butterfly and bee friendly seeds. These have been kindly donated by Katie's Mum.

## Dates Ahead

24<sup>th</sup> May – Visit from 'Zoo2U'

25<sup>th</sup> May - Parent Teacher phone calls.

8<sup>th</sup> June – Reception class on entry vision and hearing screening checks. Information and permission for this was sent out before Christmas.

Have a lovely weekend,

Mrs Rogers, Mrs Thompson, Mrs Bailey and Mrs Brooker
