20<sup>th</sup> January 2020

Dear Parents/Carers,

On Thursday 12<sup>th</sup> March 2020, KS2 will be visiting the NEC in Birmingham for The Big Bang: UK Young Scientists & Engineers Fair. During the day, the children will get the opportunity to try out over 100 hands-on STEM (science, technology, engineering and maths) activities, see dozens of mind-boggling shows and hear from inspiring scientists and engineers from some of the UK's biggest companies.

We will be leaving school first thing in the morning and would like the children to arrive in school at 8.45am to ensure a prompt departure. In order to maximise our time at the event we will be returning to school at 5:30pm. A packed lunch and water bottle will be required for the day.

Entry to the event is free, but we do ask for a voluntary contribution of £11.25 to cover the cost of the transport to and from the event. The children will not need to bring any additional money to the event.

More information about this exciting trip can be found on <https://www.thebigbangfair.co.uk/>, along with videos from previous exhibitions.

Please grant consent and make payment on ParentMail or alternatively complete the slip below.

Yours sincerely,

Mr D Hancock  
Assistant Headteacher  
Excalibur Primary School
