

How to make shadow puppets

You will need:

Black card
Scissors
Lolly sticks
Tape

Draw an outline on some black card. You could use a stencil or draw your own

Stick a lolly stick to the back of your shape.
Shine your torch onto the shape to make a shadow behind. You might need to sit facing a wall to see the shadow.

Can you change the shape of the shadow?

Can you make your puppet have a long shadow? And a short shadow?
