

Setting Description

There are a number of images of settings below. Choose one of these to look at carefully and write down in the boxes what you can see. You may want to add adjectives, verbs and adverbs as well. The final sheet asks you to come up with ideas about what you might feel, hear, smell or taste in your chosen setting.

On Friday, I will be asking you to use your work from today to help create a setting description.

Describe a beach

Add words or phrases to the boxes to describe this setting.
