

P4C – Should the Iceni tribe fight the Roman army or give in?

Boudicca and her 2 daughters refused to give in so Roman soldiers came and dragged them from their home, tied them up, whipped them and humiliated them in front of their tribe's people. Boudicca was now faced with a choice: she could either give in to the Romans, giving up her land, her animals, her home and her throne, or stand up to the Romans and fight.

Consider both sides of the argument and give as many reasons as you can.
