

Saving Water

I consider the impact that layout and presentation will have and can combine lettering, graphics and other features to engage my reader. **LIT 2-24a**

I can persuade, argue, explore issues or express an opinion using relevant supporting detail and/or evidence. **LIT 2-29a**

Poster Design Challenge

Do you keep the tap running when you are brushing your teeth?

Do you know anyone who takes too long in the shower?

Is there a dripping tap anywhere in your school?

These are some examples of how water is wasted. Can you think of any other ways that water is wasted either in the home or at school?

In 2017, World Water Week's theme is '**Water and Waste - Reduce and Reuse**'.

Can you design a poster encouraging everyone not to waste water?
Can you include suggestions as to how we can reuse water?

Your poster should be bright and colourful so that it stands out. Include keywords, drawings and phrases to help get your message across. In the space below, write some key words or persuasive phrases that you could use in your poster.
