2nd September 2020

Dear Parents/Carers,

Following the successful use of Seesaw with KS2 in the summer term, we are launching the use of it for the whole school. For those of you who may not know, Seesaw is an interactive online platform which is designed to maximise student engagement and provide creative ways to share learning. Seesaw is used extensively across the country, and further afield.

From September, homework tasks will be distributed through Seesaw. Your child can then respond to tasks in a number of ways and your child's class teacher will be able to respond directly with comments and feedback as required. Daily messages and general announcements will also be sent through the platform. Your child will be sent home with their individual class code by the end of the week.

The main purpose of launching Seesaw is to increase the ease with which your child can engage with learning at school; the system will also be used should the need arise to return to remote learning. Please continue to direct any general questions or queries to contact@excalibur.cheshire.sch.uk.

Once you receive the Seesaw login details, your child will be able to sign into the platform either on a computer or an iOS or Android app. The link for logging in on a computer is <https://web.seesaw.me/>. The app is called *Seesaw Class*. Please check that you are able to login by Monday 7th September.

There are several video tutorials available online, and we have found the system itself to be intuitive and user-friendly. However, if you do have any questions or queries, please get in touch.

Yours sincerely,

Mr Hancock
Assistant Headteacher
