Storm Whale Setting Description Example

As Noi's Dad leans on the splintered, wooden railings gazing out to the distant horizon a soft, ginger cat perches sleepily on his shoulder, purring contently. Meanwhile, little Noi contemplates his picture in the golden sand wondering what to add next while a mischievous crab edges towards the shore. Next to him, there is an orange, shiny bucket full of shells and pebbles that he collected for his masterpiece. Carefully, the shiny, metal bike leans up against the wooden, rickety shed as grey, wispy smoke curls out of the small, red brick chimney on top of the terracotta, sloping roof. Below the balcony a battered, blue and white boat sits abandoned. On the smooth, round pebbles, a black and white cat gently licks its paw while two squabbling seagulls fly quickly through the pale, blue sky fighting over a tasty fish stolen from the washing line.
