

Caring and responsibility

## Match the rights to the responsibilities

We have the right to feel safe in our school.

We have the right to say what we think.

We have the right to use school equipment.

We have the right not to be bullied.

We have the right to help if we are finding work hard.

We have the right to be friends with whomever we choose.

We have the right to take part in clubs and activities.

We have the responsibility to show kindness to everyone.

We have the responsibility to ask a teacher if we do not understand.

We have the responsibility to keep the classroom tidy.

We have the responsibility to listen to what others think.

We have the responsibility to tidy things away when we have used them.

We have the responsibility to report bullying if we see it.

We have the responsibility to behave respectfully and support other people.
