

Tuesday 19th January 2021

Today we are going to start drafting our non-chronological reports.

Please make sure you have your plan with you when you begin your writing.

Planning Your Report

Title

Emperor Penguins

Introduction

What is the report about?

- 17 types of penguins.
- Emperor - largest species – 115cm tall.
- Penguins live in Antarctica.

Sub-heading

Add interesting facts and information below.

Appearance

- Black head, tail and wings.
- Yellow markings on head and neck.
- Coats have 4 layers of feathers -windproof

Sub-heading

Add interesting facts and information below.

Diet

- Hunt in the ocean for food.
- Eat fish, krill, squid and crustaceans
- Female leaves egg to hunt

Picture/Diagram

Add a picture or labelled diagram.

Habitat

- Penguins live in Antarctica
- Wind chills as cold as -60 degrees.
- Spend entire lives on the ice or in the

surrounding waters of Antarctica.

Task 1

Tuesday 19th January 2021

LO – I can write notes into simple sentences.

Choose three facts from the list below and write it into a full sentence.

- Black head, tail, back and wings
- Emperor – largest species – 115cm tall
- Type of bird
- Penguins live in Antarctica
- 2 layers of feathers – keep warm
- Hold their breath – 20 minutes
- Super swimmers and fantastic divers

There are 17 species of penguins. The Emperor Penguins are the largest of all the species at 115cm tall.

Task 1 – your turn...

Tuesday 19th January 2021

LO – I can write notes into simple sentences.

Choose three facts from the list below and write it into a full sentence.

- Black head, tail, back and wings
- Emperor – largest species – 115cm tall
- Type of bird
- Penguins live in Antarctica
- 2 layers of feathers – keep warm
- Hold their breath – 20 minutes
- Super swimmers and fantastic divers

Task 2

Today we are going to start drafting our non-chronological reports.

We are writing our introduction paragraph. You will need your plan and your research notes.

There are facts and a WAGOLL on the online learning page too!

Task 2

Tuesday 19th January 2021

LO – I can write notes into simple sentences.

Choose three facts from the list below and write it into a full sentence.

- Black head, tail, back and wings
- Emperor – largest species – 115cm tall
- Type of bird
- Penguins live in Antarctica
- 2 layers of feathers – keep warm
- Hold their breath – 20 minutes
- Super swimmers and fantastic divers

Have a look at the sentences you have just written and your research notes.

Intro

The emperor penguin is the largest of 17 species of penguin at 1.15 m (45 in.) tall.

Emperors are perhaps the only species of bird that never sets foot on land.

Observations suggest that some individuals may live to 50 years of age.

There are approximately 595,000 adult Emperor penguins in Antarctica.

There are now thought to be about 54 emperor colonies in the Antarctic.

Emperor Penguins

Subheading

Introduction

There are 17 species of penguins. Emperor penguins are the largest of them all with some reaching up to 115cm tall. They spend their entire lives in Antarctica and are thought to be the only bird that never steps foot on land. Some Emperor penguins can live up to 50 years and there are thought to be approximately 595,000 adult penguins in Antarctica.

Draft paragraph to introduce Emperor penguins.
