

Reception Class Newsletter

We can't begin to explain how proud of each and every one of you we are. What we are having to do at the moment is tough. Be kind to yourselves ... the sky will not fall in if you don't complete the activities that we put onto Seesaw. If your child (or you) are struggling it's fine to step away and do something else. Mental health and well-being is so important. Go for a walk, read a story or play a game together. Next week is 'Children's Mental Health Week' and each day there will be a suggested activity to support this.

This week you have been super busy again. We began our week travelling the world using the story 'Poles Apart'. As well as visiting different countries we thought about different types of transport. We learned about polar bears and drew and wrote facts about them. There was an experiment to investigate why they don't feel the cold. (Which surprised a few people as it actually worked!)

You have been busy on Purple Mash learning about tempo in a piece of music and creating arctic polar bear pictures. You have also been thinking about what is good and bad for the world. As the future caretakers of our planet this is a really important message. If we all play our part together we will make a difference.

We are really impressed with your counting skills and your work around numbers 6, 7 and 8. You are getting really good at finding the bonds for each number.

We have a little more learning around bears next week before we move onto Chinese New Year, Valentine's Day and Shrove Tuesday which we will be learning about in the week up to half term.

Pickup and drop off for children attending school next week...

On Monday we are due to have some windows replaced in our classroom which means we will be moving out for the week. Reception Class will be relocating to the mobile classroom where Treetops is for the whole week. You will need to drop off and collect your child from the bottom of the ramp on the playground. Treetops have been running from school for the past few weeks so they will not be using it whilst we are there.

Super stars

Well done Elijah and Ben who are our stars of the week.

It has been another difficult choice this week to choose just two stars.

Have a wonderful weekend, Thank you again for your amazing support,

Mrs Rogers, Mrs Thompson, Mrs Bailey and Mrs Brooker
