Study Books

I would like to recommend a set of revision books to aid your child for their forthcoming SATs preparation. These revision books have been used with previous Year 6 children who have found them to be highly beneficial. They are interesting, child-friendly and extremely useful for both classroom use and homework.

Should you wish to purchase any of these useful books, please indicate on the reply slip below as soon as possible so I can order them promptly. They are available from local bookstores although it is more cost-effective to buy them through school. If you decide not to purchase the whole set then the question books and Sats buster books (which are in-line with the new curriculum tests) are possibly the most valuable. There are other revision /workbooks available such as reading comprehension question books and handwriting. If you feel like your child would benefit from these, then please let school know so we can add them on to the order. For more details on available revision books, please visit the CGP website using the following link and click on to KS2:

Please do not hesitate to contact me if you have any questions or queries. Thanks again for your continued cooperation and support.
