

RECEPTION CLASS THRIVES IN A MULTI-SKILLS COACHING SESSION

Reported by Grace in Year 6 | Published June 12th 2023

The reception class at Excalibur Primary School participated in a multi-skills activity led by the amazing year 6 class. For approximately an hour, the infants went around 9 different stations. All very different tasks; some they will have enjoyed more than others. However, they gave a 100% to everything. Lots of people looked like they enjoyed it; they looked like they'd given it their all.

Reception teacher, Mrs Thompson, said that there was a great variety of different obstacles for the children to participate in. Furthermore, that all the activities were made as clear as they could be.

One of the children in reception, Miles, commented on how fun he found it: "I loved the football and climbing on the crates."

Many activities will take place as the week goes on. Stay tuned to find out how they go.
