The reception class at Excalibur primary school participated in an engaging multi-skills session today, introducing them to the sport's fundamentals and testing their abilities. They were coached by Year 6 groups, participating in multiple courses, including hoops, skipping ropes, hurdles, posts, shuttle runs and tennis.

Reception pupils, Ariella and Max, said: "It was fun and exciting even though we have never done courses like this before and we especially liked football, beanbag tossing and the hurdles."

Year 6 pupils have really enjoyed the experience to teach the reception children new skills and explore different obstacles.

An Excalibur Primary School teacher from Year 2 said that: "I like how they have different sports for the children. It is also great to have professionals to do various sports in school and the children are having fun."
