

YEAR 5 AIM HIGH IN SPORTS DAY TRACK EVENT PRACTICE

Reported by Finley and Reuben | Published June 12th 2023.

Before lunch, Year 5 took part in running against fellow classmates trying to win every race with a competitive attitude. These children tired themselves out within a few races that they participated in (practising for Friday). This shows the determination of the year 5s to carry on struggling in the heat even if there isn't a prize on the line. After their amazing performance, we got hold of a few Year 5s to talk about the races and if they enjoyed it or not.

Joel said, "I really enjoyed the races. However, there was no shade anywhere for if you didn't want to race." Evie quoted: "It was good and gives you practise."

Overall, the Year 5s loved the session and tried their best they could to practise for the up-and-coming sports day.
