Geography Fieldwork – New Brighton

Wednesday 2nd July 2025

Dear Parents/Carers,

Our geography focus for the final half term this year is 'Why do our oceans matter?'. Part of our learning is about how we can help our oceans. To do this, we are going to visit New Brighton to carry out some mapwork and a litter survey to discover the types of litter polluting our marine environments.

This visit will take place on Wednesday 2nd July 2025. We will leave school promptly at 9am. Therefore, please can you ensure that your child is in school for 8.40am so we can prepare for our departure. We should hopefully (traffic dependent) arrive back at Excalibur by the end of the school day, and therefore you can collect your child as normal at 3.20pm.

The children will need to wear their school uniform and wear suitable footwear for walking. They will also need a bag that they can comfortably carry themselves. Please ensure that your child has sun lotion, sun hat/cap and a coat (depending on the weather), as we will be outside for most of the day.

Please can you provide your child with a packed lunch and a drink. No glass bottles or fizzy drinks.

The cost of the visit is £16.89 to cover the travel costs. As you know, we always ask for a voluntary contribution to help offset the cost of transport. Unfortunately, if this voluntary contribution is not met, then the visit may not be able to take place.

Please grant consent via ParentMail by Friday 27th June 2025.

Yours sincerely,

Mrs Steer and Miss McArdle
