Swimming is an important life skill to teach your children.

A recent report from the Amateur Swimming Association shows that a third of children leave primary school without being able to swim 25m.

Don't let your child be at risk near water – get them into swimming lessons early and help them to feel confident.

Alsager Bridgestone Swimming Club offers a range of sessions that are designed to keep children active whilst enjoying the water.

Enrol in their swimming lessons for all age children.
