11th November 2020

Dear Parents/Carers,

This week, Years 4, 5 & 6 are taking part in a series of three exciting sessions based upon the Art of Being Brilliant. Led by Will Hussey, an award-winning, best-selling author, the sessions encompass the over-arching theme of the science of flourishing, encouraging and inspiring all children to believe in better.

The sessions include:

- An introduction to the art of flourishing, countering bad habits, establishing routines and choosing a positive perspective;
- Learning to learn and learning to change, including the neurology around creativity and essential behaviours for success;
- How to make the best of yourself and bring out the best in those around you.

Whether your children are in Years 4 to 6 or not, if you would like to get a more in-depth idea of the inspirational learning that the children are experiencing this week, take a look on the link below to access a presentation from Will which introduces the art of flourishing. The class teachers received this session earlier in the week and were all as equally enthused as the children. The password you will need to access the webpage is: Brilliance101.
