

*I can use a grid method for multiplication.

$13 \times 2 = \underline{\hspace{2cm}}$

x	10	3
2		

$\boxed{} + \boxed{} = \boxed{}$

$17 \times 2 = \underline{\hspace{2cm}}$

x	10	7
2		

$\boxed{} + \boxed{} = \boxed{}$

$11 \times 7 = \underline{\hspace{2cm}}$

x	10	1
7		

$\boxed{} + \boxed{} = \boxed{}$

$12 \times 6 = \underline{\hspace{2cm}}$

x		

$\boxed{} + \boxed{} = \boxed{}$

$12 \times 4 = \underline{\hspace{2cm}}$

x		

$\boxed{} + \boxed{} = \boxed{}$

$14 \times 5 = \underline{\hspace{2cm}}$

x	10	4
5		

$\boxed{} + \boxed{} = \boxed{}$

$13 \times 3 = \underline{\hspace{2cm}}$

x	10	3
3		

$\boxed{} + \boxed{} = \boxed{}$

$16 \times 5 = \underline{\hspace{2cm}}$

x	10	6
5		

$\boxed{} + \boxed{} = \boxed{}$

$11 \times 8 = \underline{\hspace{2cm}}$

x		

$\boxed{} + \boxed{} = \boxed{}$

$18 \times 2 = \underline{\hspace{2cm}}$

x		

$\boxed{} + \boxed{} = \boxed{}$
