

Want to have fun, make new friends and give something back to the community?

**Think you don't have time
or feel you are too busy?**

Then maybe the new Rotary Satellite is for you!

It's a fact, life today is busy, busy, busy. But the more you put into the local community the more you will get back and the more you will enjoy living here. Just a few hours helping at a community event can make a whole world of difference to both your life and the lives of others.

I bet you don't think you have the time to join a traditional Rotary club. If so, the new type of Rotary Satellite Club is perfect for you. The Satellite Club will meet just once a month, probably in a pub and will focus on community activities.

Interested? Well now is the time to join and help shape the new club. It's difficult to say more because the first members will decide how the new club will run. All we can say with certainty is that everyone will be a fully paid up member of the Rotary organisation with all the benefits that brings (monthly subscription is less than £6). Beyond that, pretty much everything will be decided by the new members (with the help and support of the existing Rotary Club of Alsager).

Why not email your interest to **membership@alsagerrotary.co.uk** for further details.

Alternatively, if you are interested in joining the traditional Rotary club that meets weekly please see details over.
