

Welcome Back Year 1

Dear Parents/Carers,

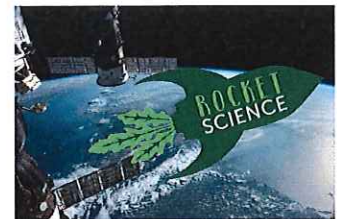

Welcome back to the Summer term. I hope that you have had a relaxing and enjoyable break and are ready and eager to start our final term in Year 1.

Topic

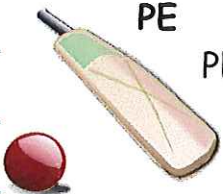

Our new topic for the Summer term is 'Under the Sea'. We will be exploring the magical world that exists below the surface of our seas and oceans. As part of our learning we will be finding out about the various creatures that live under the sea and exploring their vibrant colours. Part of our topic will involve learning about Australia, The Great Barrier Reef and how to protect it. Our learning will focus around a number of texts including *The Fish Who Could Wish*, *Commotion in the Ocean* and *The Rainbow Fish*.

In Science, we begin this term learning about Plants. We are really excited to have been chosen to take part in an experiment involving growing rocket seeds that have been to the International Space Station. We will be taking care of these seeds/plants and comparing them to those that remained on earth.

PE

PE lessons will continue to be on Tuesdays and Wednesdays. However, please ensure that your child has their PE kit in school every day as we may occasionally have PE on another day. We will be outside as much as is possible. Please ensure that everything is labelled clearly and that pumps still fit.

Homework

Reading books will be changed on a weekly basis following Guided Reading sessions on an allocated day (Monday/Wednesday). Guided Reading sessions and a task will be set on a Friday to be returned by the following Wednesday (yellow book). Please read with your child as often as possible and make comments in their planner. Planners will be taken in overnight on your child's allocated Guided Reading day and this is my opportunity to read any comments you may have written.

My Maths homework will be set on a Friday to be completed by the following Friday. My Maths homework may involve a My Maths activity or a link to an activity on another website. The homework will

usually link with what we have been focusing on in class.

A link to My Maths can be found on our school website under Curriculum → Homework → Website Links.

I would like to invite you to our class assembly which is at 9.15am on Friday 22nd April.

If you have any concerns or need to give me a message please speak to me in the morning, if it is a quick message, write in the planner and ask your child to hand it to me in the morning or ring the office who will pass the message onto me.

Yours faithfully

Miss C Robinson
